Purpose

Institutions of higher education, which receive federal financial assistance, are required to provide current and prospective students and employees with an annual report that identifies policies and procedures related to campus security. This document is prepared to increase awareness of current policies, procedures, and practices related to campus security. Campus crime, arrest, and referral statistics include those that were reported to local law enforcement and campus faculty and staff. An annual copy of the report is posted on the Texas County Technical College website at <https://texascountytech.edu/consumer-information/>.

Reporting Crimes and Emergencies

Texas County Technical College students, employees and others are encouraged to report all criminal activity and emergencies to the college. In emergency situations, 911 should be called first, followed by an immediate notification to the Campus. Every Texas County Technical College student has the option to notify proper law enforcement authorities, including local police, and the option to be assisted by campus authorities in notifying these authorities, if the student chooses to do so. The school does not currently have procedures that allow victims or witnesses to report crimes on a voluntary, confidential basis for inclusion in the annual security report. Texas County Technical College does not have campus police or counselors.

If an employee or student observes any crime or if any person reveals to an employee or student that he/she learned of, or were the victim of, perpetrator of, or witness to any crime they are to immediately inform the campus Incident Commander. This applies to crimes on campus, and locations at which other official college activities are taking place. Please do not investigate the crime or attempt to determine whether a crime, in fact, took place.

Texas County Technical College's designated Incident Commander is responsible for maintaining reports of all crimes. Once a crime is reported, the Incident Commander will offer to contact local authorities. In addition, they will evaluate the crime and determine if it constitutes an ongoing security risk to students and employees on campus. If so, the Incident Commander will be notified, and timely warning or emergency may be issued. Texas County Technical College encourages accurate and prompt reporting of all crimes to the appropriate police agencies, when the victim of a crime elects to, or is unable to, make such a report.

Please see the relevant section related to the issuing of emergency notification and timely warning listed in the Annual Security Report.

To provide for the safety and security of students and employees, Texas County Technical College maintains a cooperative relationship with all local public safety agencies including the Local Police

and Fire Departments. Periodically, the local Police Department provides Texas County Technical College with reports detailing police activity by category for on-campus locations, non-campus locations, and adjacent public property. The annual disclosure of crime statistics is prepared by Texas County Technical College Office of Regulatory Affairs based on information gathered from designated Incident Commander(s), Building Security (if relevant), Student Affairs, and Police Department reports of police actions. Texas County Technical College does not maintain an MOU with local authorities.

Emergency Notification & Timely Warning

Timely Warning Policy & Procedures

Texas County Technical College will issue a timely warning regarding Clery crimes that represent a serious or continuing threat to its students and employees as soon as pertinent information is available. The warning will contain information about the type of criminal incident that has occurred.

Crimes Subject to a Timely Warning

The College will issue a timely warning for all Clery Act crimes that occur on its Clery Act geography that are reported to campus security authorities or local police agencies and considered by the institution to represent a serious or continuing threat to its students and employees.

Making the Decision to Issue a Timely Warning

The Incident Commander will decide whether and how to warn on a case-by-case basis in light of all the facts surrounding a crime, including factors such as the nature of the crime and whether there is continuing danger to the campus community. This means that after a Clery Act crime is reported, the Incident Commander considers whether students and employees are at risk of becoming victims of a similar crime. The Incident Commander evaluates other factors such as whether the apprehended perpetrator had accomplices or had already set other attacks in motion, and whether a criminal incident appears to be a one-time occurrence or falls into a pattern of reported crimes. The Incident Commander should consider the potential impact on various law enforcement operations as he/she issues these warnings.

The College will consult with local and state law enforcement authorities to discuss the timely warning requirement and request that local law enforcement keep the College informed on an immediate basis of crimes that may require timely warnings. This request will be made as part of its annual letter to law enforcement requesting crime statistics.

Determining the Content of a Timely Warning

The timely warning will include all information that promotes safety and aids in the prevention of similar crimes, especially pertinent information about the crime that triggered the warning. In addition, timely warnings will include information about what action is being taken by campus or local police authorities. It will also direct students and staff as to what action they need to take. Such reports shall be provided to students and employees in a manner that is timely, that

withholds the names of victims as confidential, and that will aid in the prevention of similar occurrences.

Issuing a Timely Warning

Timely warnings must be issued in a manner that gets the word out quickly and effectively communitywide. The Incident Commander will notify the AMG Alert administrator of the necessary message to campus constituents. The Incident Commander will also make a determination on the delivery method (text, and/or email) for the timely warning. The AMG Alert administrator will then issue the message through the AMG Alert system. Crimes exclusively reported to a pastoral or professional counselor are exempt from timely warnings.

The Family Educational Rights and Privacy Act (FERPA) and the Timely Warning Requirement

The College may, in appropriate circumstances, include personally identifiable information in a timely warning due to health or safety emergencies.

Emergency Response & Evacuation

Emergency Response policy and procedures address non-timely warning incidents (noted above). However, the evacuation procedures described here may apply to either timely warning or emergency response situations.

The Emergency Preparedness Plan is located on the college's website. The plan is available for viewing emergency guidelines and evacuation procedures. If there is an emergency in the building, contact administration or an instructor immediately. In the event of an evacuation, all students should evacuate the building through the closest fire exit and report to their instructor for roll call.

Texas County Technical College will immediately create and issue an Emergency Notification to the college community upon the confirmation of any significant emergency or dangerous situation involving an immediate threat to the health or safety of students or employees occurring on the campus. The College will, without delay, and taking into account the safety of the community, determine the content of the notification and initiate the notification system, unless initiating a notification could, in the professional judgment of responsible authorities compromise efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency.

The method of notification may be made via various methods to be determined at the time of the emergency. The methods of communication that may be used are:

1. AMG Alert System
2. Email
3. Telephone/Text
4. Runners
5. Signs
6. The Web
7. Media

Responsible for carrying out the following procedures

Process to confirm a significant emergency or dangerous situation Texas County Technical College Incident Commanders may become aware of a critical incident or another emergency that potentially affects the health and/or safety of the campus community. Generally, Incident Commanders become aware of these situations when they are reported directly to a college employee and the employee informs the Commander.

Once first responders or other circumstances confirm there is, in fact, an emergency or dangerous situation that poses an immediate threat to the health or safety of some or all members of the campus community, Incident Commanders will issue an emergency notification.

The Incident Commander will, without delay, and considering the safety of the community, determine the content of the notification and initiate the notification system, unless issuing a notification will, in the professional judgement of the Incident Commander, compromise efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency.

Incident Commanders may also determine if a message should be sent to benefit the health, safety, and well-being of the campus community for situations that do not pose a significant emergency or dangerous situation.

Process to determine the appropriate segment or segments of the campus community to receive a notification

The Incident Commander has the flexibility to alert only the segment of the population it determines to be at risk. For example, in the case of a gas leak, it may choose to notify only individuals in the building that has the leak, whereas, for a meningitis outbreak, the Incident Commander may choose to notify the entire campus community.

The Incident Commander will make the decision to notify or not notify specific segments of the campus community. For example, the Incident Commander may determine campus community will be notified when there is at least the potential that a very large segment of the community will be affected by a situation, or when a situation threatens the operation of the campus. Incident Commanders will provide a continuing assessment of the situation and additional segments of the campus community may be notified if a situation warrants such action.

Determining the Contents of the Emergency Notification

Texas County Technical College Incident Commander will determine how much information is appropriate to disseminate at different points in time. Depending on what segments of the community the College's notification targets, the content will differ. In the case of an approaching

tornado, you may want to tell students in daytime classes to take shelter in the basement, but you may want to tell evening students not yet on campus to stay away from the campus.

Texas County Technical College has developed templates for the most common incidents that allows for the input of details. In the event no template is created, Incident Commanders will write a custom notification.

Procedures for initiating the emergency notification system

Once the Incident Commanders have made the determination an emergency exists, local authorities are notified. After local authorities have been notified, the Incident Commander will take the necessary steps to notify the appropriate campus segments.

The institution's procedures for disseminating emergency information to the larger community

Texas County Technical College may disseminate emergency information to individuals and/or organizations outside of the campus community. The College may use different methods to target different segments of the community. For example, it may send cell phone alerts to students and use radio and/or TV alerts for the neighboring community. Incident Commanders are responsible for developing the information to be disclosed and are responsible for disseminating the information to the larger community.

The institution's procedures to test, evaluate, and publicize the emergency response and evacuation procedures.

Texas County Technical College will test emergency response and evacuation procedures, document each test, including the date, time, and whether it was announced or unannounced and publicize emergency response and evacuation procedures in conjunction with at least one test per calendar year. The Campus Security & Safety committee will review the outcomes of each test and if necessary, make recommendations to improve the process. The Emergency Response and Evacuation procedures are included in the Emergency Preparedness Plan located on the College's website.

Security and Access to Campus Facilities

On-campus facilities are secured and require a key or key card for entrance outside of business hours. Access to the Campus is limited to regular business hours.

All students are required to display their Student ID while on campus, and guests of the college must register at the front desk and display a guest badge while on campus. Individuals who are not students or registered guests are not allowed on campus.

Facilities are maintained to ensure safety and security. Students and employees are encouraged to report any security or maintenance needs to a campus authority, who will ensure that all security requests are resolved. Incident Commanders are responsible for regularly reviewing the security and maintenance facilities on each campus.

Texas County Technical College does not maintain residence buildings and does not have security personnel with law enforcement authority on Campus, written memoranda of understanding with law enforcement agencies, or student organizations with off-campus housing facilities.

Reducing Security Risks

Texas County Technical College offers regular training to students/staff regarding Sexual Misconduct, Campus Security Procedures, and Practice. Staff training is also provided specifically to incident commanders and Title IX Investigators. Student training is offered specifically for sexual misconduct and Campus Security.

Texas County Technical College students and staff are encouraged to be responsible for their own security. The following tips may help you protect yourself from security risks. This information was obtained from an additional safety information may be located at rainn.org.

“The following tips may reduce your risk for many different types of crimes, including sexual violence.

- Know your resources. Who should you contact if you or a friend needs help? Where should you go? Locate resources such as the campus health center, campus police station, and a local sexual assault service provider. Notice where emergency phones are located on campus, and program the campus security number into your cell phone for easy access.
- Stay alert. When you’re moving around on campus or in the surrounding neighborhood, be aware of your surroundings. Consider inviting a friend to join you or asking campus security for an escort. If you’re alone, only use headphones in one ear to stay aware of your surroundings.
- Be careful about posting your location. Many social media sites, like Facebook and Foursquare, use geolocation to publicly share your location. Consider disabling this function and reviewing other social media settings.
- Make others earn your trust. A college environment can foster a false sense of security. They may feel like fast friends but give people time earn your trust before relying on them.
- Think about Plan B. Spend some time thinking about backup plans for potentially sticky situations. If your phone dies, do you have a few numbers memorized to get help? Do you have emergency cash in case you can’t use a credit card? Do you have the address to your dorm or college memorized? If you drive, is there a spare key hidden, gas in your car, and a set of jumper cables?
- Be secure. Lock your door and windows when you’re asleep and when you leave the room. If people constantly prop open the main door to the dorm or apartment, tell security or a trusted authority figure.”

In keeping with the requirements of the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act, the College makes available to all current students and employees

the campus security report in its entirety. The most recently reported Crime Statistics for Campuses to follow.

¹ See Definitions section for a list of relevant definitions that apply to this policy.

It is the policy of TCTC that instances of alleged sex discrimination will be addressed in accordance with Title IX of the Education Amendments of 1972 and its implementing regulations as in effect at the time of the alleged conduct. As of the date of this policy's last update, TCTC applies the Title IX regulations in effect on August 14, 2020 (the "2020 Title IX Regulations"), as modified by applicable federal court orders. When notified of conduct that reasonably may constitute sex discrimination, which includes conduct meeting the definition of sex-based harassment within this document, under the Grievance Policy, the Title IX Coordinator must take the following actions:

1. Treat the complainant and respondent equitably;
2. Offer and coordinate supportive measures;
3. Offer an informal resolution process if available and appropriate;
4. Initiate the Formal Grievance Process in response to a complaint;
5. Make a fact-based determination on whether to initiate a complaint of sex discrimination in situations where no complaint is filed or the complaint is withdrawn when there may be a risk of ongoing safety concerns if not addressed by TCTC; and,
6. Regardless of whether a complaint is initiated, take other appropriate, prompt, and effective steps to ensure that sex discrimination does not continue or recur within the TCTC's education program or activity.

VII. Deputy Title IX Coordinator

The Deputy Title IX Coordinator(s) are responsible for managing the day-to-day tasks associated with the operations of this policy at their respective locations. The Deputy Title IX Coordinators participate in collaborative and coordinated efforts with the Title IX Coordinator in monitoring, grievance processes, training, outreach, and information reporting. Deputy Title IX Coordinators may also serve as investigators and/or facilitators, as described elsewhere in this policy, and will fulfill those duties at the direction and under the guidance of the College-wide designated Title IX Coordinator. The Title IX Coordinator has designated the Deputy Title IX Coordinators listed in Appendix A to receive inquiries regarding Title IX, including reports or complaints of alleged sex discrimination.

VIII. Others' Responsibilities Under This Policy

If an employee of TCTC receives any oral or written reports, witnesses, or otherwise learns of conduct that reasonably may constitute sex discrimination, the employee must (i) promptly notify the Title IX Coordinator [or appropriate deputy Title IX Coordinator], or (ii) provide the person experiencing the conduct or providing such information the contact information of the Title IX Coordinator.

It is the responsibility of those employees who formally supervise faculty, staff or employees to:

1. Inform employees under their direction or supervision of this policy;
2. Implement any corrective actions that are imposed as a result of findings of a violation of this policy.

Certain TCTC employees have an obligation to report to the Title IX Coordinator when they have information about conduct that reasonably may constitute sex discrimination. These include

employees in TCTC or campus leadership positions, faculty members and staff who serve as student advisors.

It is the responsibility of all employees to review this policy and comply with it.

It is the responsibility of all students to review this policy and comply with it.

When TCTC is aware that a member of the TCTC community may have been subjected to or affected by conduct that reasonably may violate this policy, TCTC will take prompt action, including a review of the matter and, if necessary, an investigation and appropriate steps to stop and remedy the suspected sex discrimination. In doing so, TCTC will act in accordance with its Grievance Policy.

IX. Record Keeping

TCTC shall create, and maintain for seven (7) years, records of any actions (including any supportive measures) taken in response to a report or complaint of sex discrimination. TCTC records shall include:

- For each report the Title IX Coordinator receives of information about conduct that reasonably may constitute sex discrimination under Title IX, records documenting the actions the TCTC took to meet its obligations under Title IX and this policy;
- For each complaint of sex discrimination, records including any determination regarding responsibility and any audio or audiovisual recording or transcript, any disciplinary sanctions imposed on the respondent, and any supportive measures provided to the complainant;
- Any appeal and the result therefrom;
- Any informal resolution; and
- All materials used to train Title IX Coordinators, investigators, decisionmakers, and any person who facilitates an informal resolution process.
- For each response required under TCTC's specific grievance procedures for allegations of sexual harassment, records of any actions, including any supportive measures, taken in response to a report or formal complaint of sexual harassment.

X. Training

TCTC will ensure that relevant personnel receive training related to their duties under Title IX promptly upon hiring or change of position that alters their duties under Title IX and this policy. TCTC may make such training available to other employees. Title IX Coordinator (and any deputy or designee), as well as other employees and/or individuals who also serve as investigators, decisionmakers, and have direct responsibility for implementing the TCTC Grievance Policy or who can modify or terminate supportive measures, must receive training:

- On the definition of sex discrimination and sexual harassment (as outlined within this policy) within the scope of TCTC's education program or activity;
- How to conduct an investigation;

- TCTC's grievance process, including hearings, appeals, and informal resolution processes, as applicable,
- How to serve impartially, including by avoiding prejudgment of the facts at issue, conflicts of interest, and bias;
- On any technology to be used at a live hearing;
- On issues of relevance of questions and evidence, including when questions and evidence about the complainant's sexual predisposition or prior sexual behavior are not relevant.
- On issues of relevance to create an investigative report that fairly summarizes relevant evidence.

Any materials used to train Title IX Coordinators, investigators, decision-makers, and any person who facilitates an informal resolution process, must not rely on sex stereotypes and must promote impartial investigations and adjudications of formal complaints of sexual harassment.

XI. Anti-Retaliation Policy

TCTC prohibits retaliation, including peer retaliation, in its education program or activity. Retaliation under this policy includes intimidation, threats, coercion, or discrimination against any individual for the purpose of interfering with any right or privilege secured by Title IX or its applicable regulations, or because the individual made a report or complaint, testified, assisted, or participated in or refused to participate in any manner in an investigation, proceeding, or hearing afforded by any process outlined in this policy. Any retaliation complaints should be reported to the Title IX Coordinator or the Campus Deputy Title IX Coordinator.

Examples of retaliation may include:

1. Threats of reprisals;
2. Actions/behavior directed at the person outside of the norm occurring after a report is filed;
3. Changes in job duties, job location, or work schedules;
4. Unreasonable changes in academic expectations;
5. Withholding scholarships, salary, or other sources of income;
6. Altering grades or scoring rubrics after a report is filed;
7. Denial of a tool or training that will assist in the ability to perform a job or achieve academic success;
8. Unwarranted verbal or written reprimands.

Exercising rights protected under the First Amendment does not constitute retaliation. Likewise, taking disciplinary action against an individual for making a materially false statement in bad faith during an investigation does not constitute retaliation. However, on its own, a determination that sex discrimination did not occur is insufficient to conclude that any party made a materially false statement in bad faith. Concerns about retaliation should be addressed by contacting the Title IX Coordinator.

XII. Emergency Removal and Administrative Leave

Nothing in this policy and procedure precludes TCTC from removing a respondent from the College's education program or activity on an emergency basis, once it undertakes an individualized safety and risk analysis, determines that an immediate threat to the physical health or safety of any student or other individual arising from the allegations of sexual harassment justifies removal, and respondent is given notice and an opportunity to challenge the decision immediately following the removal. Also, nothing in this policy and procedure precludes TCTC from placing a non-student employee respondent on administrative leave during the pendency of the grievance process.

XIII. Supportive Measures

TCTC will offer and coordinate reasonable supportive measures as appropriate and without fee or charge for the complainant and/or respondent to restore or preserve that person's access to TCTC's education program or activity, or to provide support during TCTC's formal or informal resolution process to minimize disruption to that party's participation in an education program or activity. Supportive measures are available to a complainant regardless of whether they wish to pursue any formal or informal resolution process outlined in this policy. Supportive measures implemented by TCTC will not impose an unreasonable burden on either party, and they will not be imposed for punitive or disciplinary reasons. TCTC will engage in a fact-specific inquiry to determine whether supportive measures constitute an unreasonable burden on a party.

TCTC will not disclose information about any supportive measures to persons other than the person to whom they apply, including informing one party of supportive measures provided to another party, unless necessary to provide the supportive measure, restore or preserve a party's access to the education program or activity, or one of the exceptions to the disclosure of personally identifiable information in Section IV of the Grievance Policy applies. The Title IX Coordinator may consult with the TCTC employee charged with ADA compliance responsibilities if complainant or respondent has a disability.

Supportive measures may include:

1. Counseling;
2. Reasonable academic accommodations (e.g., extending deadlines or other course-related adjustments);
3. Campus escort services;
4. Increased security and monitoring of certain areas of the campus;
5. Ordering the complainant and respondent to have no-contact directives and enforcing mutual restrictions on contact with each other and/or other third parties;
6. Leaves of absence;
7. Modifying class schedules, extracurricular activities, or working arrangements;
8. Providing training and education programs related to sex-based harassment.
9. Any other measure which can be tailored to the involved individuals to achieve the purposes and goals of this policy.

TCTC may modify or terminate previously approved supportive measures based on the changed circumstances of the parties and/or the procedures invoked by this policy. Such modifications or terminations may be requested by the party they apply to or made at the recommendation of the Title IX Coordinator.

A complainant or respondent may appeal any decision to provide, deny, modify, or terminate supportive measures applicable to them within five (5) business days of the decision being made. Appeals must be submitted in writing to TCTC's Title IX Coordinator and must include a statement as to why the implementation, denial, modification, or termination of the supportive measures fails to restore the requesting party's access to TCTC's education program or activity. A complainant or respondent's appeal will be reviewed by a neutral employee of TCTC designated by the Title IX Coordinator who has authority to modify or reverse decisions regarding supportive measures.

TCTC must maintain as confidential any supportive measures provided to the complainant or respondent, to the extent that maintaining such confidentiality would not impair the ability of TCTC to provide the supportive measures. TCTC's Title IX Coordinator is responsible for coordinating the effective implementation of supportive measures.

For each response required under TCTC's specific grievance procedures for allegations of sex-based harassment, TCTC must create and maintain for seven (7) years records of any actions, including any supportive measures, taken in response to a report or formal complaint of sex-based harassment. In these instances, TCTC must document the basis for its conclusion that its response was not deliberately indifferent, and it has taken measures designed to restore or preserve equal access to TCTC's education program or activity. In the event that TCTC decides not to provide a complainant with supporting measures, then the College must document the reasons why such a response was not clearly unreasonable in light of the known circumstances.

XIV. Confidentiality Under Title IX

TCTC will keep confidential the identity of any individual who has made a report or complaint of sex discrimination, including any individual who has made a report or filed a formal complaint of sexual harassment, any complainant, any individual who has been reported to be the perpetrator of sex discrimination, any respondent, and any witness, except as may be permitted by the FERPA statute, 20 U.S.C. 1232g, or FERPA regulations, 34 CFR part 99, or as required by law, or to carry out the purposes of 34 CFR part 106, including the conduct of any investigation, hearing, or judicial proceeding arising under it.

XV. Confidentiality Under Clery

(Applies to allegations of sexual assault, dating violence, domestic violence and stalking, and is relevant to this policy to the extent there is a Clery crime that comes under the scope of Title IX.)

The College will protect a Clery crime victim's confidentiality, even if the victim does not specifically request confidentiality, where possible and in the following ways:

The victim's personally identifying information will not be included in any publicly available record, including Clery Act reporting and disclosures such as the annual security report. Personally identifying information is defined in Section 40002(a) of the Violence Against Women Act of 1994 as

individually identifying information for or about an individual, including information likely to disclose the location of a victim of domestic violence, dating violence, sexual assault or stalking, regardless of whether the information is encoded, encrypted, hashed or otherwise protected, including a first and last name; a home or other physical address; contact information (including a postal, e-mail or Internet protocol address, or telephone or facsimile number); a social security number, driver's license number, passport number or student identification number; and any other information, including date of birth, racial or ethnic background, or religious affiliation that would serve to identify any individual.

In some cases, the College may need to disclose some information about a victim to a third party to provide necessary accommodations or protective/supportive measures. The College will inform victims before sharing personally identifying information that the institution believes is necessary to provide an accommodation or protective/supportive measure and will tell the victim what information will be shared, with whom it will be shared and why. The College's Title IX Coordinator will determine what information about a victim should be disclosed, to whom this information will be disclosed, and will use only official College systems to transmit the information necessary to provide the accommodation or protective/supportive measure.

TCTC OF NURSING AND TCTC TITLE IX GRIEVANCE POLICY

I. Scope and Application

TCTC is committed to providing a work environment, education programs, and activities free of unlawful harassment and discrimination, and will provide a prompt, fair, and impartial process to address complaints of alleged sex discrimination (which include complaints of alleged sexual or sex-based harassment).

TCTC has implemented this policy to ensure compliance with applicable local, state, and federal non-discrimination laws in alignment with TCTC's existing student and employee policies.

The scope of this policy extends to all prohibited behaviors conducted by students, volunteers, external community members, employees, third-party contractors, guests, or anyone doing business with TCTC on or off campus, including but not limited to campus events, travel, or any other TCTC-sponsored event, provided such conduct occurs in connection with TCTC's education program or activity in the United States.

TCTC will respond promptly and effectively if it acquires knowledge – either through a report or complaint received – of conduct that reasonably may constitute sex discrimination in its education program or activity and shall not act in a way that is deliberately indifferent.

II. Definitions

“Sex Discrimination” includes, but is not limited to:

1. Discrimination based on:
 - a. Pregnancy or related conditions;
 - b. Sex stereotypes or characteristics; or
 - c. Sex in connection with parental, family, or marital status
2. Conduct that, on the basis of sex, excludes a person from participation in, denies a person the benefits of, treats a person differently, or otherwise adversely affects a person's access to, participation in, or benefits under any an education program or activity, and subjects them to more than de minimis harm.

For the purposes of this policy, "Sex discrimination" includes "sexual harassment" and, except where specifically noted or called out as only applying to allegations of sexual harassment, usage of "sex discrimination," and provisions thereby pertaining, includes and applies to sexual harassment as well.

“Sexual harassment” (or sex-based harassment) means conduct on the basis of sex that satisfies one or more of the following:

1. *An employee of the recipient conditioning the provision of an aid, benefit, or service of the recipient on an individual's participation in unwelcome sexual conduct;*

2. *Unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the recipient's education program or activity; or*
3. "Sexual assault" as defined in [20 U.S.C. 1092\(f\)\(6\)\(A\)\(v\)](#) [*Sexual assault or criminal sexual conduct* meaning an offense classified as a forcible or nonforcible sex offense under the uniform crime reporting system of the Federal Bureau of Investigation], "dating violence" as defined in [34 U.S.C. 12291\(a\)\(10\)](#), "domestic violence" as defined in [34 U.S.C. 12291\(a\)\(8\)](#), or "stalking" as defined in [34 U.S.C. 12291\(a\)\(30\)](#).

For all other relevant definitions, please refer to the Definitions section within the College's Title IX Non-Discrimination and Anti-Retaliation Policy.

III. Reports and Complaints

- A. Receiving or Initiating a Report or Complaint.** Any person, regardless of whether the reporting person is the alleged victim of the conduct, can make a report to TCTC regarding conduct that reasonably may constitute sex discrimination in its education program or activity.

These reports can be made directly to the Title IX Coordinator via phone call, in person communication, by mail, or by email, using the contact information below:

Maddie Caballo
Senior Vice President of Student Affairs
mcaballo@arizonacollege.edu
602-759-2230

Reports can also be made to or designee(s)/Deputy Title IX Coordinator(s), or to certain TCTC employees (including individuals in College or campus leadership positions, faculty members, and staff who serve as student advisors) who have an obligation to report to the Title IX Coordinator when they have information about conduct that reasonably may constitute sex discrimination. If reports are made to a Title IX Coordinator designee or other employee with reporting obligations, those reports will be forwarded to the Title IX Coordinator who will review and follow-up as appropriate.

Under this policy, the Title IX Coordinator will address any oral or written statement that the Title IX Coordinator objectively understands to request that TCTC investigate and respond to alleged sex discrimination.

The Title IX Coordinator has no obligation to act where the Title IX Coordinator reasonably determines that the conduct as alleged does not constitute sex discrimination, notwithstanding other TCTC policies related to formal complaints related to allegations of sexual harassment.

- B. Anonymity.** If a complainant or other reporter makes a complaint or report anonymously, it will be investigated by TCTC to the extent possible, both to assess the underlying allegation(s) and to determine if supportive measures can be provided. Anonymous reports typically limit TCTC's ability to investigate and respond, depending on what information is shared. In some situations, the Title IX Coordinator may proceed with the issuance of a complaint even when the complainant's report has been made.
- C. Limitations on Reporting Obligations.** Employees are not obligated to report incidents of discrimination or harassment that they have personally been the target of, and student-employees are only obligated to report information they learn within the context of their employment. If an employee has a question about whether to report conduct, they should consult the Title IX Coordinator.
- D. Timeframe.** TCTC strongly encourages individuals to report incidents that may be violations of this policy as soon as possible to maximize TCTC's ability to respond promptly and equitably. Although there is no time limitation, the timing of when an alleged incident is reported may affect TCTC's ability to investigate and respond to the report.
- E. Documenting the Complaint; Initial Outreach and Review.** If the Title IX Coordinator receives information about conduct that reasonably may constitute sex discrimination (either through a directly-filed complaint or other report) the Title IX Coordinator must open an initial documentation/file on the report. The Title IX Coordinator must then perform an initial review to determine whether the report merits further investigation, and must document that determination with supporting analysis.

The Title IX Coordinator will conduct an initial outreach to the complainant to offer supportive measures and the ability to schedule a meeting to discuss their report and explore options and related processes.

If a complainant fails to respond to outreach from the Title IX Coordinator or informs the Title IX Coordinator that they are not interested in pursuing further action, the case will be marked as resolved and the complainant notified of their right to reopen the case at any point in the future.

However, If a report or complaint contains information suggesting there may be an ongoing safety or health concerns if not addressed by TCTC, or the alleged conduct prevents TCTC from ensuring equal access on the basis of sex to its education program or activity, the Title IX Coordinator will undertake a fact-based assessment to determine whether to initiate a formal resolution process, even if a complainant declines to respond or only wishes to have their concerns documented. The Title IX Coordinator, in consultation with legal counsel, may refer the concern to be reviewed under a separate process under the Student Code of Conduct or internal HR policies.

If the complainant is responsive and wishes to continue with a review of the report, the following steps will be taken:

1. Initial Conversation with Complainant. If the complainant meets with the Title IX Coordinator, the initial conversation will be documented by the Title IX Coordinator and will be maintained within the official records of the Title IX Office.
2. Applicability Assessment. After receiving additional information, the Title IX Coordinator, in consultation with TCTC legal counsel, will review the complainant's allegations and description of the conduct in question to determine whether it meets the definition of either sex discrimination, as provided in this Policy, or sexual harassment, as provided in this Policy and 34 CFR 106.3(a).
 - a. If the Title IX Coordinator and legal counsel determine that the alleged conduct, on the face of the complaint, if proven, would not constitute sex discrimination under this policy, the complaint will be dismissed. More information on the dismissal process can be found in section VII below. Such determination will be documented in the file.
 - b. If the Title IX Coordinator and legal counsel determine that the alleged conduct, on the face of the complaint, if proven, could constitute sex harassment under this policy, the Title IX Coordinator must determine whether there is a basis for filing a Formal Complaint on his or her own accord, or whether the complainant wishes to make a formal complaint. If either is true, **any further review or action should proceed under the College's Grievance Policy Related to Complaints of Sex-Based Harassment.** Such determination will be documented in the file.
 - c. If the Title IX Coordinator and legal counsel determine that the alleged conduct, on the face of the complaint, if proven, **could constitute sex discrimination under this policy, the Title IX Coordinator will move to step 3 or 4, as applicable.** Such determination will be documented in the file.
3. Informal Process/Documentation of Concerns. If the complainant wishes to resolve the complaint/report through informal means and documentation of concerns only, the process can continue as described in **section VI below covering the Informal Resolution Process.**

If the complaint/report is resolved on that documentation only, the complainant may at a future date choose to request modifications to any supportive measures received or to move forward with either a formal or informal resolution process.

4. Formal Complaint Initiated. If the complainant wishes to file a formal complaint, or the Title IX Coordinator decides to initiate on their own, **the Formal Grievance Process described in section VIII** below will commence (unless the Title IX Coordinator has otherwise made the decision to dismiss the complaint, pursuant to section VII below). If the Title IX Coordinator decides to initiate a complaint, the Title IX Coordinator will notify the complainant prior to doing so and will address the complainant's reasonable concerns about the complainant's safety or the safety of others.

VI. Informal Resolution

- A. **Discretion and Limitations.** TCTC has sole discretion to offer an informal resolution process to the parties and will consider each complaint on a case-by-case basis. The informal resolution process may not be appropriate when, among other reasons, TCTC determines that the alleged conduct would present a future risk of harm to others. TCTC cannot require parties to participate in an informal resolution process, or require a party waive the right to an investigation and determination of a complaint as a condition of enrollment or employment.

TCTC does not offer or facilitate an informal resolution process to resolve allegations that an employee sexually harassed a student.

- B. **Informal Resolution Process.** At any time, TCTC may offer to complainant and respondent, as appropriate, an informal resolution process.

The process may include the following steps:

1. Consult with the Complainant. The Title IX Coordinator will discuss the complainant's concerns, desired outcome, and available options for addressing the reported conduct.
2. Consider Supportive Measures. In some circumstances, supportive measures, as described elsewhere in this Policy, may adequately address the complainant's concerns and serve as an appropriate resolution without further action.
3. Identify Other Appropriate Resolution Measures. Where additional action may be appropriate, the Title IX Coordinator will consider available informal measures based on the circumstances, the interests of the parties, and the College's responsibility to maintain an educational environment free from sex discrimination.
4. Notify the Respondent and Campus Leadership, as Appropriate. If a proposed resolution would affect the respondent's participation in an TCTC education program or activity, the Title IX Coordinator will notify the respondent. If appropriate, the Title IX Coordinator will consult with respondent, and, as necessary, relevant campus or College leadership to understand the impact of proposed resolution.

5. Document the Resolution. The Title IX Coordinator will document the resolution and any measures to be implemented and will communicate the outcome to the parties to the extent appropriate.

As required, the Title IX Coordinator must also to take other appropriate prompt and effective steps to ensure that sex discrimination does not continue or recur within the recipient's education program or activity.

VII. Dismissal of Complaints.

A. Basis for Dismissal. TCTC may dismiss a complaint of sex discrimination where:

1. It is unable to identify the respondent after taking reasonable steps to do so;
2. If specific circumstances prevent TCTC from gathering evidence sufficient to reach a determination as to the formal complaint or allegations therein.
3. Depending on the facts of the situation, either the complainant or the respondent is not participating in TCTC's education program or activity and is not employed by TCTC;
4. Complainant voluntarily withdraws any or all of the allegations in the complaint and the conduct that remains alleged in the complaint, if any, would not constitute sex discrimination under Title IX or this policy even if proven; or
5. TCTC determines after reasonable efforts to clarify the allegations with the complainant that the conduct alleged in the complaint, even if proven, would not constitute sex discrimination under this policy.

B. Follow-Up Actions. The Title IX Coordinator will offer complainant supportive measures as appropriate. Respondent may be offered supportive measures, if appropriate.

Upon dismissal, TCTC will promptly notify the complainant of the basis for the dismissal. If the dismissal occurs after the respondent has been notified of the allegations, TCTC will notify both complainant and respondent, simultaneously and in writing.

TCTC will notify complainant and respondent (if applicable) that complainant may appeal the dismissal of the complaint.

VIII. Formal Grievance Process

A. Timeframe. The Formal Grievance Process outlined in this policy will conclude within ninety (90) calendar days from the filing of a complaint in most instances. TCTC breaks, holidays, a party's need for disability-related accommodations, concurrent law enforcement activities, and/or unforeseen circumstances may impact this timeline. If the process must be delayed or extended, the Title IX Coordinator will provide the complainant and respondent with written notice of the delay, reason for the delay, and the revised timeline. The Title IX Coordinator will also allow a reasonable extension of timeframes on a case-by-case basis for good cause with notice to the parties that includes the reason for the delay and the anticipated duration of the extension.

B. Treatment of Parties Participating in the Formal Grievance Process. TCTC will:

1. Promptly investigate and respond to complaints of sex discrimination, including establishing reasonably prompt timeframes and allowing for the reasonable extension of timeframes on a case-by- case basis for good cause with notice to the parties that includes the reason for the delay;
2. Ensure that any person designated Title IX Coordinator, investigator, or decisionmaker is impartial and free of conflict of interest or bias;
3. Not consider an individual's status as a respondent as a negative factor. The respondent shall be afforded the presumption that the respondent is not responsible for the alleged sex discrimination until so found through this Formal Grievance Process;
4. Take reasonable steps to protect the privacy of the parties and witnesses during this Formal Grievance Process;
5. Gather evidence and decide what is relevant or impermissible;
6. Objectively analyze and evaluate only relevant evidence;
7. Not make credibility determinations based on a person's status as a complainant, respondent, or witness;
8. Follow this Formal Grievance Process before the imposition of any disciplinary sanctions;
9. Provide remedies (other than supportive measures) to a complainant only if this Formal Grievance Process results in a determination that the respondent is responsible for sex discrimination;
10. Make reasoned decisions based on the preponderance of the evidence; and
11. Offer Supportive Measures.

C. Notice of Allegations. Upon receiving a written and signed complaint, which has been determined to be able to move forward, the Title IX Coordinator will provide written notice of the allegations to complainant and respondent. The written notice will include:

- a. Description of this Grievance Process, including the informal resolution process;
- b. Sufficient information, including the identities of the parties involved in the incident(s), the conduct alleged to constitute sex discrimination under this policy, and the date(s) and location(s) of the alleged incident(s), to the extent that information is available and can be disclosed;
- c. A statement that the parties are entitled to an equal opportunity to access the relevant and not otherwise impermissible evidence or an accurate description of this evidence; and,
- d. That retaliation is prohibited.

If the investigation uncovers new issues outside of the scope of the written notice, TCTC will provide a supplemental written notice describing the additional allegations under investigation.

D. Consolidation of Complaints. TCTC may consolidate complaints of sex discrimination when the allegations of sex discrimination arise out of the same facts or circumstances.

Consolidation decisions will be made by the Title IX Coordinator based on considerations of efficiency, fairness to the parties, and the relatedness of the allegations. The Title IX Coordinator will notify all parties in writing when complaints are consolidated.

E. Investigation of Complaints. The Title IX Coordinator will assign a trained investigator/decisionmaker to investigate the complaint. The Title IX Coordinator or Deputy Title IX Coordinator may be assigned as the investigator in the formal resolution process.

Under this process, TCTC will ensure an adequate, reliable, and impartial investigation of complaints. TCTC will:

1. Conduct an investigation that gathers sufficient evidence to determine whether sex discrimination occurred;
2. Provide an equal opportunity for the parties to present for interview and/or review by the investigator any fact witnesses and other inculpatory and exculpatory evidence that is relevant and not otherwise impermissible;
3. Review all evidence gathered through the investigation and determine what evidence is relevant and what evidence is impermissible regardless of relevance;
4. Provide each party with an equal opportunity to review the evidence (or an accurate description of this evidence) and provide each party with a reasonable opportunity to respond to such evidence;
5. Take reasonable steps to prevent and address the parties' unauthorized disclosure of information and evidence obtained solely through this Formal Grievance Process.

F. Assessing Credibility. The investigator/decisionmaker will question parties and witnesses to adequately assess a party's or witness's credibility to the extent credibility is both in dispute and relevant to evaluating one or more allegations of sex discrimination. Credibility assessments must be individualized and may not rely on generalizations, stereotypes, or assumptions about how persons of a particular sex, gender identity, sexual orientation, race, ethnicity, or other characteristic would or should act.

G. Determination of Whether Sex Discrimination Occurred. Following an investigation and evaluation of all relevant and not otherwise impermissible evidence, the investigator/decisionmaker, in consultation with and under the guidance of legal counsel, will use the preponderance of the evidence standard of proof to determine whether sex discrimination occurred. "Preponderance of the evidence" means that the evidence indicates that there is a greater than 50% - more likely than not – that sex discrimination occurred.

If the decisionmaker is not persuaded by a preponderance of the evidence that sex discrimination occurred, whatever the quantity of the evidence is, the decisionmaker must conclude that no sex discrimination occurred.

Upon a determination that sex discrimination occurred, the Title IX Coordinator will (i) coordinate the provision and implementation of remedies to a complainant and other persons whose equal access to TCTC's education program or activity was limited or denied by sex discrimination; (ii) at the conclusion of this Formal Grievance Process coordinate the imposition of any disciplinary sanctions on a respondent, including notification to the complainant of any such disciplinary sanctions; and (iii) take other appropriate prompt and effective steps to ensure that sex discrimination does not continue or recur within TCTC's education program or activity.

The decisionmaker will provide the parties with a written determination that includes the rationale for the decisionmaker's determination. In the written determination, the decisionmaker will inform the parties of the procedures and permissible bases for appeal, if applicable.

TCTC will not discipline a party, witness, or others participating this Formal Grievance Process for making a false statement or for engaging in consensual sexual conduct based solely on the determination whether sex discrimination occurred.

H. Appeal. Either party has the right to file an appeal of determination by the decisionmaker of either the respondent's responsibility and/or the dismissal of a formal complaint or any allegations therein.

1. Scope. Appeals are not a re-hearing of the facts of the case and must be limited in scope on the following basis:
 - a. The party has discovered new and relevant evidence that was not reasonably available at the time the determination was made that could alter the outcome.
 - b. Allegations that the decisionmaker deviated from the policy or procedure in a way that changed the outcome of the case.
 - c. Evidence that the Title IX Coordinator, investigator or decisionmaker was biased or had a conflict of interest, and such bias or conflict of interest changed the outcome of the case.
2. Initial Process. An appeal request must be made in writing to the Title IX Coordinator within ten (10) calendar days of the delivery of the written determination. The appeal request must include the basis for the appeal and all evidence in support of the request.

If an appeal is filed, TCTC will notify the parties of the appeal and provide each with a copy of the appeal.

The non-appealing party may choose to respond and, if he or she does so, must respond within ten (10) calendar days.

Any discipline imposed will be suspended pending the outcome of the appeal. Sanctions will take effect upon the expiration of the deadline for an appeal or the conclusion of the appeal.

The Title IX Coordinator will assign a trained and impartial decisionmaker who was not previously involved in the Formal Grievance Procedure to hear the appeal.

3. Review. The appellate decisionmaker may, after reviewing the appeal, deny the appeal without further process if the appeal is groundless – i.e., the appeal is not based on the grounds specified above. In this case, both parties will be notified of the decision, and the party who did not submit the appeal will be provided a copy of the appeal, but they will not need to provide any response.
4. Decision. The appellate decisionmaker will review the appeal materials submitted by both parties. The appellate decisionmaker may also choose to interview the investigator(s) and/or any other person that participated in the investigation and decision-making process but is not obligated to do so.

The appellate decisionmaker will make a final decision on the appeal within thirty (30) days of the filing of the appeal. The original decision may be upheld, reversed, or modified (which includes the possibility that different or additional sanctions may be imposed).

Modification of sanctions can only place a greater burden on the respondent if the appeal was filed by the complainant. The appellate decisionmaker may also refer the matter to the same or different investigator(s) for additional investigation and a new decision-making process.

The Title IX Coordinator will send a written notice to both parties of the decision on appeal. Notice will describe the result of the appeal and the rationale for the result. No further appeal process is available.

IX. Prohibition on Knowingly Making False Statements

TCTC is committed to creating a safe environment where reporting of conduct that reasonably may constitute sex discrimination is encouraged.

TCTC expects individuals to provide truthful information in any report, interview, meeting or proceeding under this policy.

TCTC requires an individual to act in good faith when reporting acts that reasonably may violate this policy or when serving as a witness in a Formal Grievance Process.

Providing or submitting false or misleading information in bad faith is prohibited and such conduct may be disciplined under the relevant TCTC policies and procedures. Reports made or information

provided in good faith, even if the facts are later unsubstantiated, will not be subject to disciplinary consequences. A determination that sex discrimination did not occur is not, by itself, evidence that any party submitted false or misleading information in bad faith.

X. Privacy of the Grievance Process

The Formal Grievance Process will remain private to the extent permissible by law. TCTC cannot guarantee privacy in all situations and will balance privacy and other competing interests on a case-by-case basis. Formal Grievance Process records may be produced subject to a lawful subpoena.

Parties and witnesses shall not disseminate or otherwise disclose information or evidence obtained solely through their participation in a Formal Grievance Process. TCTC will address any violations under its code of conduct.

TCTC will not disclose personally identifiable information it has obtained in its enforcement of this policy except where (i) TCTC has obtained prior written consent from an individual with a legal right to consent to disclosure; (ii) the information is disclosed to a parent, guardian, or other authorized legal representative with the legal right to receive disclosures on behalf of the person whose personally identifiable information is at issue; (iii) necessary to carry out the purposes of this policy, including action taken to address conduct that reasonably may constitute sex discrimination in TCTC's education program or activity; (iv) as required by federal law or regulation; or, (v) to the extent such disclosures are not otherwise in conflict with Title IX, when required by state or local law or when permitted under FERPA.

GRIEVANCE POLICY RELATED TO COMPLAINTS OF SEXUAL OR SEX-BASED HARASSMENT

I. Scope and Application

TCTC has implemented this policy to ensure compliance with applicable local, state, and federal non-discrimination laws in alignment with TCTC's existing student and employee policies.

TCTC is committed to providing a work environment, education programs, and activities free of unlawful harassment and discrimination, and will provide a prompt, fair, and impartial process to address complaints of alleged sex discrimination (which include complaints of alleged sex-based harassment).

The provisions of this Grievance Policy and this section shall apply to complaints of sex-based harassment involving prohibited conduct by students, employees, volunteers, third-party contractors, guests, external community members, and others doing business with TCTC, whether the conduct occurs on or off campus, provided it occurs in connection with TCTC's education program or activity in the United States. This includes, but is not limited to, conduct occurring at campus events, during College-related travel, or at other TCTC-sponsored activities.

This policy includes a presumption that the respondent is not responsible for the alleged sex discrimination until a determination is made at the conclusion of the applicable grievance procedure.

II. Definitions

“Sexual harassment” (or sex-based harassment) means conduct on the basis of sex that satisfies one or more of the following:

1. *An employee of the recipient conditioning the provision of an aid, benefit, or service of the recipient on an individual's participation in unwelcome sexual conduct;*
2. *Unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the recipient's education program or activity; or*
3. “Sexual assault” as defined in [20 U.S.C. 1092\(f\)\(6\)\(A\)\(v\)](#) [Sexual assault or criminal sexual conduct meaning an offense classified as a forcible or nonforcible sex offense under the uniform crime reporting system of the Federal Bureau of Investigation], “dating violence” as defined in [34 U.S.C. 12291\(a\)\(10\)](#), “domestic violence” as defined in [34 U.S.C. 12291\(a\)\(8\)](#), or “stalking” as defined in [34 U.S.C. 12291\(a\)\(30\)](#).

For all other relevant definitions, please refer to the Definitions section within the College’s Title IX Non-Discrimination and Anti-Retaliation Policy.

III. Presumptions and Equitable Treatment

This policy includes a presumption that the respondent is not responsible for the alleged sex discrimination until a determination is made at the conclusion of the applicable grievance procedure.

TCTC’s administration of this Policy must treat complainants and respondents equitably by providing remedies to a complainant where a determination of responsibility has been made against the respondent, and by following a grievance process against a respondent that complies with Title IX and its effectuating regulations.

Remedies instituted under this Policy must be designed to restore or preserve equal access to TCTC’s education program or activity without unreasonably burdening the other party.

IV. Reports and Complaints

- A. Receiving or Initiating a Report or Complaint.** Any person, regardless of whether the reporting person is the alleged victim of the conduct, can make a report to TCTC regarding conduct that reasonably may constitute sexual or sex-based harassment in its education program or activity.

These reports can be made directly to the Title IX Coordinator via phone call, in person communication, by mail, or by email, using the contact information below:

Maddie Caballo
Senior Vice President of Student Affairs
mcaballo@arizonacollege.edu
602-759-2230

Reports can also be made to or designee(s)/Deputy Title IX Coordinator(s), or to certain TCTC employees (including individuals in College or campus leadership positions, faculty members, and staff who serve as student advisors) who have an obligation to report to the Title IX Coordinator when they have information about conduct that reasonably may constitute sex-based harassment. If reports are made to a Title IX Coordinator designee or other employee with reporting obligations, those reports will be forwarded to the Title IX Coordinator who will review and follow-up as appropriate.

Under this policy, the Title IX Coordinator will address any oral or written statement that the Title IX Coordinator objectively understands to request that TCTC investigate and respond to alleged sexual harassment.

The Title IX Coordinator has no obligation to act where the Title IX Coordinator reasonably determines that the conduct as alleged does not constitute sexual harassment, notwithstanding the requirement to respond promptly in a manner that is not deliberately indifferent.

- B. Anonymity.** If a complainant or other reporter makes a complaint or report anonymously, it will be investigated by TCTC to the extent possible, both to assess the underlying allegation(s) and to determine if supportive measures can be provided. Anonymous reports typically limit TCTC's ability to investigate and respond, depending on what information is shared. In some situations, the Title IX Coordinator may proceed with the issuance of a complaint even when the complainant's report has been made.
- C. Limitations on Reporting Obligations.** Employees are not obligated to report incidents of discrimination or harassment that they have personally been the target of, and student-employees are only obligated to report information they learn within the context of their employment. If an employee has a question about whether to report conduct, they should consult the Title IX Coordinator.
- D. Timeframe.** TCTC strongly encourages individuals to report incidents that may be violations of this policy as soon as possible to maximize TCTC's ability to respond promptly and equitably. Although there is no time limitation, the timing of when an alleged incident is reported may affect TCTC's ability to investigate and respond to the report.
- E. Documenting the Complaint; Initial Outreach and Review.** If the Title IX Coordinator receives information about conduct that reasonably may constitute sex-based harassment the Title IX Coordinator must open an initial documentation/file on the report. The Title IX Coordinator must then perform an initial review to determine whether the report merits further investigation, and must document that determination with supporting analysis.

The Title IX Coordinator will conduct an initial outreach to the complainant to offer supportive measures and the ability to schedule a meeting to discuss their report and explore options and related processes.

If a complainant fails to respond to outreach from the Title IX Coordinator within fourteen (14) calendar days or informs the Title IX Coordinator that they are not interested in pursuing further action, the case will be marked as resolved and the complainant notified of their right to reopen the case at any point in the future.

However, If a report or complaint contains information suggesting there may be an ongoing safety or health concerns if not addressed by TCTC, or the alleged conduct prevents TCTC from ensuring equal access on the basis of sex to its education program or activity, the Title IX Coordinator will undertake a fact-based assessment to determine whether to initiate a formal resolution process even if a complainant only wishes to have their concerns documented.

If the complainant is responsive, the following steps will be taken:

1. Initial Conversation with Complainant. If the complainant meets with the Title IX Coordinator, the initial conversation will be documented by the Title IX Coordinator and will be maintained within the official records of the Title IX Office.
2. Applicability Assessment. After receiving additional information, the Title IX Coordinator, in consultation with TCTC legal counsel, will review the complainant's allegations and description of the conduct in question to determine whether it meets the definition of sexual harassment, as provided in this policy and 34 CFR 106.3(a).
 - a. If the Title IX Coordinator and legal counsel determine that the alleged conduct, on the face of the complaint, if proven, would not constitute sex-based harassment under this policy, the Title IX Coordinator will dismiss the complaint. More information on the dismissal process can be found in section VII below. Such determination will be documented in the file.
 - b. If the Title IX Coordinator and legal counsel determine that the alleged conduct, on the face of the complaint, if proven, could constitute sex harassment under this policy, the Title IX Coordinator must determine whether there is a basis for filing a Formal Complaint on his or her own accord, or whether the complainant wishes to make a formal complaint. If either is true, **the Title IX Coordinator will move to step 3 or 4, as applicable.** Such determination will be documented in the file.
3. Acknowledgement of Concerns. If the complainant wishes to resolve the complaint/report through discussion of concerns and supportive measures only, the

process can conclude with those pieces in place. The complainant may at a future date choose to request modifications to any supportive measures received or to move forward with either a formal or informal resolution process.

4. Formal Complaint Initiated. If the complainant wishes to file a formal complaint, or the Title IX Coordinator decides to initiate on their own, **the Formal Grievance Process described in section VIII** below will commence (unless the Title IX Coordinator has otherwise made a determination that the complaint must be dismissed, pursuant to section VII below). If the Title IX Coordinator decides to initiate a complaint, the Title IX Coordinator will notify the complainant prior to doing so and will address the complainant's reasonable concerns about the complainant's safety or the safety of others.
5. Initiation of Informal Process Subsequent to Formal Complaint. If at any point after a complainant files a formal complaint and before a determination has been made as to whether the complained-of conduct constitutes sexual harassment, the complainant expresses their wish to attempt to resolve through an informal resolution process, they may request to do so and the process will continue as described in section VI below.

V. Informal Resolution

- A. **Overview.** At any time after a Formal Complaint has been filed and before a determination regarding responsibility is made, TCTC may offer the parties an Informal Resolution Process as an alternative to the Formal Grievance Process, when appropriate. The Informal Resolution Process is a voluntary, structured process intended to resolve allegations through constructive agreements that address the reported conduct, remediate harm, prevent future misconduct, and support the educational environment.

The Informal Resolution Process is not intended to determine guilt or innocence. Rather, it focuses on addressing concerns, understanding the impact of the reported conduct, and identifying mutually agreeable outcomes. Informal Resolution may be conducted through written communications, separate meetings with the parties, shuttle mediation, or other appropriate methods. The parties will not be required to confront one another or be present in the same room as part of the process

- B. **Discretion and Limitations.** TCTC has sole discretion to offer an informal resolution process to the parties and will consider each complaint on a case-by-case basis. The informal resolution process may not be appropriate when, among other reasons, TCTC determines that the alleged conduct would present a future risk of harm to others. TCTC cannot require parties to participate in an informal resolution process, or require a party waive the right to an investigation and determination of a complaint as a condition of enrollment or employment.

TCTC does not offer or facilitate an informal resolution process to resolve allegations that an employee sexually harassed a student.

- C. Facilitation of the Process.** The Title IX Coordinator may offer Informal Resolution to the parties, or either party may submit a written request to the Title IX Coordinator seeking Informal Resolution.

Informal Resolution Process will be administered by the Title IX Coordinator or a trained designee ("Facilitator"). The Facilitator will oversee the process, communicate with the parties regarding proposed resolution terms, and assist in exploring mutually acceptable outcomes. The Facilitator does not serve as a decision-maker and does not determine responsibility for the allegation.

- D. Notice and Consent.** TCTC will notify the parties in writing of the availability of the informal resolution process. In order to engage in the informal resolution process, both parties must agree in writing.

Before initiation of an informal resolution process, TCTC will provide to the parties notice that explains:

1. The allegations in the complaint;
2. The requirements of the informal resolution process;
3. That at any time prior to resolution, a party can withdraw from the informal resolution process and initiate or resume the Formal Grievance Process; and,
4. That if the parties agree to a resolution at the conclusion of the informal resolution process they cannot initiate or resume the Formal Grievance Process on the same allegations;
5. The potential terms that may be requested or offered in an informal resolution agreement;
6. That an informal resolution agreement is binding only on the parties; and,
7. The information that TCTC will maintain and whether and how it could disclose such information for use in the Formal Grievance Process if proceedings on the complaint are initiated or resumed.

The requisite notices described above and the documented, mutually agreed-upon informal resolution must be maintained within the appropriate Title IX files.

- E. Informal Resolution Procedures.** The Informal Resolution Process is intended to be flexible and may take a variety of forms depending on the nature of the allegations and the needs of the parties. In most cases, the process will be conducted through separate communications with each party rather than through direct interaction between the parties. Informal Resolution may include:

1. Shuttle mediation, in which the Facilitator meets or communicates separately with each party and conveys information, concerns, proposals, and responses between them;
2. Written exchanges facilitated by the Facilitator, including the exchange of proposed terms, concerns, and resolution options;
3. Separate meetings with one or both parties to discuss the allegations, identify appropriate remedies, and explore possible resolutions; and
4. Any other structured, voluntary process approved by the Title IX Coordinator that is designed to resolve the allegations without a formal hearing.

The parties will not be required to meet face-to-face, confront one another, or be present in the same room at any point during the Informal Resolution Process. All communication regarding the process may be conducted through the Facilitator.

- F. Advisors.** Each party may consult with an advisor of their choice and may have their advisor present during any Informal Resolution meeting.
- G. Withdrawal from the Process.** Either party may withdraw from the Informal Resolution Process at any time before a written resolution agreement is signed by both parties. If either party withdraws, the Formal Grievance Process will resume without prejudice.
- H. Good Faith Participation.** The Facilitator may terminate the Informal Resolution Process if the Facilitator determines that one or both parties are not participating in good faith or that the process is otherwise no longer productive. In such cases, the Formal Grievance Process will resume.
- I. Resolution Terms.** The parties and Facilitator may propose terms for inclusion in an Informal Resolution Agreement. Resolution terms will be tailored to the circumstances of the matter and may include, but are not limited to:
1. Educational interventions, training, workshops, or assignments;
 2. Behavioral agreements, including restrictions on contact or communication;
 3. Restorative measures designed to repair harm and rebuild trust;
 4. Modifications to work assignments, schedules, educational programs, or activities;
 5. Monitoring requirements, including periodic check-ins or progress reporting;
 6. Counseling or other supportive resources;
 7. Restrictions on a respondent's participation in one or more College programs, activities, events, or opportunities; and/or
 8. Other reasonable terms that the College could have imposed as remedies or disciplinary sanctions following a determination under the Formal Grievance Process, where appropriate and agreed upon by the parties.
- J. Agreement and Approval.** Any Informal Resolution Agreement must be acceptable to both parties and approved by the Title IX Coordinator before it becomes effective. If either party declines to sign the proposed agreement, the Informal Resolution Process will be deemed unsuccessful and the Formal Grievance Process will resume.

- K. Binding Effect.** A fully executed Informal Resolution Agreement is binding on the parties and the College. Upon successful completion of the agreement, the matter will be considered resolved and closed with respect to the allegations addressed by the agreement.
- L. Documentation and Confidentiality.** The College will document all Informal Resolution Agreements in writing. Documentation will be maintained in accordance with applicable law, institutional policy, and recordkeeping requirements, while protecting the privacy of the parties to the greatest extent possible.
- M. Supportive Measures.** Supportive measures remain available throughout the Informal Resolution Process. Choosing to participate in Informal Resolution does not limit either party's access to counseling, academic accommodations, safety measures, or other supportive resources, and such measures may be modified as circumstances warrant.
- N. Retaliation Prohibited.** TCTC prohibits retaliation against any individual for participating in, declining to participate in, or otherwise exercising rights under the Informal Resolution Process. Allegations of retaliation may result in separate disciplinary action.
- O. Future Conduct.** Any alleged misconduct occurring after the execution of an Informal Resolution Agreement will be addressed independently under applicable College policies and procedures. Future violations are not excused or limited by a prior Informal Resolution Agreement.
- P.** As required, the Title IX Coordinator must also take other appropriate prompt and effective steps to ensure that sex discrimination does not continue or recur within the recipient's education program or activity. Even though an informal resolution process is provided for, nothing about the informal resolution process precludes the Title IX Coordinator from taking appropriate, prompt, and effective steps, within the parameters of this Policy, to ensure that complained of conduct does not continue or recur within TCTC's education program or activity.

VI. Dismissal of Complaints.

- A. Required Dismissal.** TCTC must dismiss a complaint where the conduct alleged in the formal complaint would not, even if proved, constitute sexual harassment, or where the conduct did not occur in the recipient's education program or activity or did not occur against a person in the United States. Such dismissal does not preclude action under the College's Code of Conduct.
- B. Permissive Dismissal.** TCTC may dismiss a complaint of sex discrimination where:
 - 1. If specific circumstances prevent TCTC from gathering evidence sufficient to reach a determination as to the formal complaint or allegations therein.

2. The respondent is not participating in TCTC's education program or activity and is not employed by TCTC;
3. Complainant voluntarily withdraws any or all of the allegations in the complaint and/or the conduct that remains alleged in the complaint, if any, would not constitute sex discrimination under Title IX or this policy even if proven; or

If the dismissal occurs after the respondent has been notified of the allegations, TCTC will notify both complainant and respondent of the dismissal and the basis, and will do so simultaneously and in writing.

TCTC will notify complainant and respondent (if applicable) that complainant may appeal the dismissal of the complaint. Any appeal will follow the process outlined below.

VII. Formal Grievance Process

A. Timeframe. The Formal Grievance Process outlined in this policy will conclude within ninety (90) calendar days from the filing of a complaint in most instances. TCTC breaks, holidays, a party's need for disability-related accommodations, concurrent law enforcement activities, and/or unforeseen circumstances may impact this timeline. If the process must be delayed or extended, the Title IX Coordinator will provide the complainant and respondent with written notice of the delay, reason for the delay, and the revised timeline. The Title IX Coordinator will also allow a reasonable extension of timeframes on a case-by-case basis for good cause with notice to the parties that includes the reason for the delay and the anticipated duration of the extension.

B. Treatment of Parties Participating in the Formal Grievance Process. TCTC will:

1. Promptly investigate and respond to complaints of sex discrimination, including establishing reasonably prompt timeframes for the major stages of this Formal Grievance Process and allowing for the reasonable extension of timeframes on a case-by-case basis for good cause with notice to the parties that includes the reason for the delay;
2. Ensure that any person designated Title IX Coordinator, investigator, and decisionmaker, as applicable, are impartial and free of conflict of interest or bias;
3. Not consider an individual's status as a respondent as a negative factor. The respondent shall be afforded the presumption that the respondent is not responsible for the alleged sex discrimination until so found through this Formal Grievance Process;
4. Take reasonable steps to protect the privacy of the parties and witnesses during this Formal Grievance Process;
5. Provide parties the ability to: obtain and present evidence, including by speaking to witnesses; consult with their family members, confidential resources, or advisors; or otherwise prepare for or participate in this Formal Grievance Process;
6. Gather evidence and decide what is relevant or impermissible;

7. Objectively analyze and evaluate only relevant evidence, which may include both inculpatory and exculpatory evidence;
8. Not consider impermissible evidence and questioning on impermissible subjects;
9. Not make credibility determinations based on a person's status as a complainant, respondent, or witness;
10. Follow this Formal Grievance Process before the imposition of any disciplinary sanctions;
11. Provide remedies to a complainant only if this Formal Grievance Process results in a determination that the respondent is responsible for sex discrimination;
12. Make reasoned decisions based on the preponderance of the evidence; and
13. Offer Supportive Measures.

C. Written Notice of Allegations. The written notice of the allegations must contain the following information:

1. Description of this Grievance Process, including the informal resolution process;
2. Sufficient information, including the identities of the parties involved in the incident(s), the conduct alleged to constitute sex discrimination under this policy, and the date(s) and location(s) of the alleged incident(s), to the extent that information is available and can be disclosed;
3. A statement that the parties are entitled to an equal opportunity to access the relevant and not otherwise impermissible evidence or an accurate description of this evidence; and,
4. That retaliation is prohibited.
5. Description of the allegations potentially constituting sexual harassment which include sufficient details known at the time and with sufficient time to prepare a response before any initial interview. Sufficient details include the identities of the parties involved in the incident, if known; the conduct allegedly constituting sexual harassment; and the date and location of the incident, if known.
6. That respondent is presumed not responsible for the alleged sex-based harassment until a determination under this Formal Grievance Process.
7. That they may have an advisor of their choice who may be, but who is not required to be, an attorney;
8. That they are entitled to an equal opportunity to access (i) the relevant and not otherwise impermissible evidence; or (ii) an investigative report that accurately summarizes this evidence and, upon request of a party, equal access to the relevant and not otherwise impermissible evidence; and,
9. Advisement, if applicable, that the TCTC code of conduct prohibits a party from making false statements or knowingly submitting false information.

If the investigation discloses new issues outside of the scope of the written notice of allegations, TCTC will provide a supplemental written notice describing the additional allegations under investigation.

- D. Consolidation of Complaints.** TCTC may consolidate complaints of sex discrimination when the allegations of sex discrimination arise out of the same facts or circumstances.

Consolidation decisions will be made by the Title IX Coordinator based on considerations of efficiency, fairness to the parties, and the relatedness of the allegations. The Title IX Coordinator will notify all parties in writing when complaints are consolidated.

- E. Investigation.** When investigating a complaint alleging sex-based harassment under this section, TCTC will:

1. Ensure that the burden of proof and of gathering evidence sufficient to reach a determination regarding responsibility rests on TCTC and not the parties;
2. Provide an equal opportunity for the parties to present witnesses, including fact and expert witnesses, and other inculpatory and exculpatory evidence;
3. Not restrict the ability of either party to discuss the allegations under investigation or to gather and present relevant evidence;
4. Provide a party or person whose participation is invited or expected, written notice of the date, time, location, participants, and purpose of all meetings or proceedings with sufficient time for the party to prepare to participate;
5. Provide the parties with the same opportunities to be accompanied to any meeting or proceeding by the advisor of their choice;
6. Provide the parties with the same opportunities to have persons other than the advisor of the parties' choice present during any meeting or proceeding;
7. Exercise discretion in allowing the parties to present expert witnesses and that any such determination will apply equally to the parties;
8. Allow for the reasonable extension of timeframes on a case-by-case basis for good cause with written notice to the parties that includes the reason for the delay;
9. Provide both parties an equal opportunity to inspect and review any evidence, provided it is relevant and not impermissible, obtained as part of the investigation that is directly related to the allegations raised in a formal complaint. This opportunity to inspect includes the evidence upon which TCTC does not intend to rely in reaching a determination regarding responsibility, as well as inculpatory or exculpatory evidence (whether obtained from a party or other source), so that each party can meaningfully respond to the evidence prior to conclusion of the investigation;
10. Create an investigative report that fairly summarizes relevant evidence and, at least 10 days prior to a hearing, send to each party and the party's advisor, if any, the investigative report in an electronic format or a hard copy, for their review and written response;

11. Prior to completion of the investigative report, TCTC must send to each party and the party's advisor, if any, the evidence subject to inspection and review. The parties must have at least 10 days to submit a written response, which the investigator will consider prior to completion of the investigative report. TCTC must make all such evidence available at any hearing to give each party equal opportunity to refer to such evidence during the hearing, including for purposes of cross-examination.

TCTC will determine in its discretion the extent to which an advisor may participate in proceedings under this section. Any restrictions imposed will apply equally to the parties.

TCTC will take reasonable steps to prevent and address the parties' unauthorized disclosure of information and evidence obtained solely through proceedings under this section.

- F. Live Hearing.** TCTC will conduct a live hearing on formal written complaints of sex-based harassment under this section. The live hearing will be conducted in accordance with the procedures set forth in 34 C.F.R. § 106.45(b)(6).
- G. Written Determination.** Following an investigation and evaluation of all relevant and not otherwise impermissible evidence, TCTC will use the preponderance of the evidence standard of proof to determine whether sex-based harassment occurred and issue a written determination.
 1. The decisionmakers(s) – those issuing the written determination – cannot be the same person(s) as the Title IX Coordinator or the investigators.
 2. The written determination will include:
 - a. Identification of the allegations potentially constituting sexual harassment;
 - b. A description of the procedural steps taken from the receipt of the formal complaint through the determination, including any notifications to the parties, interviews with parties and witnesses, site visits, methods used to gather other evidence, and hearings held;
 - c. Findings of fact supporting the determination;
 - d. Conclusions regarding the application of the TCTC's code of conduct to the facts;
 - e. A statement of, and rationale for, the result as to each allegation, including a determination regarding responsibility, any disciplinary sanctions the TCTC imposes on the respondent, and whether remedies designed to restore or preserve equal access to the TCTC's education program or activity will be provided by the TCTC to the complainant; and
 - f. TCTC's procedures and permissible bases for the complainant and respondent to appeal.

TCTC must provide the written determination to the parties simultaneously. The determination regarding responsibility becomes final either on the date that TCTC provides the parties with the written determination of the result of the appeal, if an appeal is filed, or if an appeal is not filed, the date on which an appeal would no longer be considered timely.

The Title IX Coordinator is responsible, with support from campus and College leadership and HR, as applicable, for effective implementation of any remedies.

- H. Range of Disciplinary Sanctions.** When a determination of responsibility for sexual harassment is made under this Formal Grievance Process, TCTC may impose a range of disciplinary sanctions or remedies, depending on the severity of the conduct, its impact, and any relevant disciplinary history.

Possible sanctions include, but are not limited to: formal warning, required education or training, no-contact directives, probation, suspension, loss of privileges, reassignment of duties, demotion, or termination of employment for employees, and suspension or expulsion for students.

TCTC also reserves the right to implement other remedies designed to restore or preserve equal access to its education programs and activities, consistent with Title IX and applicable College policies.

- I. Appeal.** Either party has the right to file an appeal of determination by the decisionmaker of either the respondent's responsibility and/or the dismissal of a formal complaint or any allegations therein.

1. Scope. Appeals are not a re-hearing of the facts of the case and must be limited in scope on the following basis:
 - a. The party has discovered new and relevant evidence that was not reasonably available at the time the determination was made that could alter the outcome.
 - b. Allegations that the decisionmaker deviated from the policy or procedure in a way that changed the outcome of the case.
 - c. Evidence that the Title IX Coordinator, investigator or decisionmaker was biased or had a conflict of interest, and such bias or conflict of interest changed the outcome of the case.
2. Initial Process. An appeal request must be made in writing to the Title IX Coordinator within ten (10) calendar days of the delivery of the written determination. The appeal request must include the basis for the appeal and all evidence in support of the request.

If an appeal is filed, TCTC will notify the parties of the appeal and provide each with a copy of the appeal.

The non-appealing party may choose to respond and, if he or she does so, must respond within ten (10) calendar days.

Any discipline imposed will be suspended pending the outcome of the appeal. Sanctions will take effect upon the expiration of the deadline for an appeal or the conclusion of the appeal.

The Title IX Coordinator will assign a trained and impartial decisionmaker who was not previously involved in the Formal Grievance Procedure to hear the appeal.

3. Review. The appellate decisionmaker may, after reviewing the appeal, deny the appeal without further process if the appeal is groundless – i.e., the appeal is not based on the grounds specified above. In this case, both parties will be notified of the decision, and the party who did not submit the appeal will be provided a copy of the appeal, but they will not need to provide any response.
4. Decision. The appellate decisionmaker will review the appeal materials submitted by both parties. The appellate decisionmaker may also choose to interview the investigator(s) and/or any other person that participated in the investigation and decision-making process but is not obligated to do so.

The appellate decisionmaker will make a final decision on the appeal within thirty (30) days of the filing of the appeal. The original decision may be upheld, reversed, or modified (which includes the possibility that different or additional sanctions may be imposed).

Modification of sanctions can only place a greater burden on the respondent if the appeal was filed by the complainant. The appellate decisionmaker may also refer the matter to the same or different investigator(s) for additional investigation and a new decision-making process.

The Title IX Coordinator will send a written notice to both parties of the decision on appeal. Notice will describe the result of the appeal and the rationale for the result. No further appeal process is available.

IX. Prohibition on Knowingly Making False Statements

TCTC is committed to creating a safe environment where reporting of conduct that reasonably may constitute sex discrimination is encouraged.

TCTC expects individuals to provide truthful information in any report, interview, meeting or proceeding under this policy.

TCTC requires an individual to act in good faith when reporting acts that reasonably may violate this policy or when serving as a witness in a Formal Grievance Process.

Providing or submitting false or misleading information in bad faith is prohibited and such conduct may be disciplined under the relevant TCTC policies and procedures. Reports made or information provided in good faith, even if the facts are later unsubstantiated, will not be subject to disciplinary consequences. A determination that sex discrimination did not occur is not, by itself, evidence that any party submitted false or misleading information in bad faith.

X. Privacy of the Grievance Process

The Formal Grievance Process will remain private to the extent permissible by law. TCTC cannot guarantee privacy in all situations and will balance privacy and other competing interests on a case-by-case basis. Formal Grievance Process records may be produced subject to a lawful subpoena.

Parties and witnesses shall not disseminate or otherwise disclose information or evidence obtained solely through their participation in a Formal Grievance Process. TCTC will address any violations under its code of conduct.

TCTC will not disclose personally identifiable information it has obtained in its enforcement of this policy except where (i) TCTC has obtained prior written consent from an individual with a legal right to consent to disclosure; (ii) the information is disclosed to a parent, guardian, or other authorized legal representative with the legal right to receive disclosures on behalf of the person whose personally identifiable information is at issue; (iii) necessary to carry out the purposes of this policy, including action taken to address conduct that reasonably may constitute sex discrimination in TCTC's education program or activity; (iv) as required by federal law or regulation; or, (v) to the extent such disclosures are not otherwise in conflict with Title IX, when required by state or local law or when permitted under FERPA.
